

SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XIX.

STANFORD, KY., TUESDAY, APRIL 21, 1891.

NO. 14

MIDDLEBURG, CASEY COUNTY.

—Our doctors report the community in a distressingly healthful condition at present.

—Rev. G. C. Smith preached at the Baptist church Saturday. Bro. Smith has a brand new wife, of which he seems to be very proud.

—Rev. J. N. Bowling will attend the Southern Baptist convention at Birmingham, Ala., which convenes on the 8th of May. He will be absent about ten days.

—James Nall has been appointed receiver for Robert Knight, who deserted his wife and eloped with the widow. Nall some time ago. He sold his effects last Saturday to satisfy various claims against Knight.

—A couple of fruit agents cut a wide "swath" at Yosemite a week or more ago, for which they may yet have to account. They hauled from Little South Fork and their names will be given to the readers of the Interior Journal as soon as your scribe is enabled to obtain them.

—Rev. J. N. Bowling has moved from McKinney to this place. He is superintending the work of the Janie Wash Institute. He is so full of business and talks business incessantly that our readers have become uncomfortable in his presence and have betaken themselves to some more useful employment.

—John and Nelson Wheeler, tan bark men, are working a large force of men in the knolls hereabout. They have a contract for 650 cords, but they intend handling more than double that amount. Holland & Conter are also dealing extensively in the business and are working a force of men in the knolls near Yosemite, under the supervision of Mike James.

—If those who own property here would build a few cottages to rent, they would derive a handsome income yearly from the rent of them, besides adding to the appearance of our village. There are only six houses in town to rent and they are scarcely fit to live in. They have become dilapidated and are exiles to the town. Yet the owner is renting them for from \$15 to \$7 per month. If there were half a dozen or more neat dwellings built the owner of these old shanties would be compelled to repair them, or they would remain empty.

An idea of the enormous extent of the government printing office may be gained when we state that the public printer has asked bids for 15,000 pounds of English, 5,000 pounds of picot, 75,000 pounds of long primer, 60,000 pounds of brevier and 18,000 pounds of nonpareil—203,000 pounds, or about 9 car-loads. Of this amount 33,000 pounds have been awarded to our house. That is what the compositor would term a "take." Type must be delivered by the first of September. It is the largest contract ever taken by a Western foundry.—Barnhart Bros. & Spaulding's Type Foundry, Chicago.

INGALL'S THURTEEN TO CLEVELAND.—Ingalls says: "Lincoln, Grant, Hayes, Garfield and Harrison all read their inaugural—Cleveland spoke his. It showed how thoroughly he had his intellect disciplined. There, before 50,000 people, where the slightest mistake would have been held up to the country, with a piece of paper no larger than a visiting card, to guide him, he spoke to the world. It was the most remarkable exhibition of nerve and control ever given by a president on his inauguration day."

After a silence which has grown monotonous, we have concluded to speak out. As a matter of fact, brethren, we wrote "The Broad-winners."—Frankfort Capital.

No, you didn't. You wrote "The Beautiful Snow" and "Little Annie Rooney," but the author of "The Broad-winners" remains a secret between ourselves and the Harpers Publishing Co.—Jessamine Journal.

John Oliver Daniels, of Brunswick, is a colored man who is attached to the hydrographic coast survey. In connection with that business he has a school numbering over 100 scholars, which he teaches at the rate of 25 cents a week per scholar. He speaks French, Spanish and English fluently.

GLYCERINE.—Half a teaspoonful does relieve the irritation of the throat caused by coughing. Mixed with powdered tannic acid and diluted with water. It is a good gargle for a relaxed sore throat. Mixed with four times as much rose water it makes a healing wash for chapped hands.

In the United States annually about 2,500 persons are tried for murder, with an average of about 100 legal executions. In five of the States imprisonment for life has been established for the death penalty.

The hottest place on earth is said to be Death Valley, in south-eastern California, with a record of 130 degrees Fahrenheit, beating the highest record of Sahara Desert and the shores of the Persian Gulf.

CHURCH AFFAIRS.

—Archbishop Ryan, of the Catholic Church, has issued an order forbidding any Sunday funerals in the future.

—Rev. J. C. Caldwell left Thursday for Mercer county to hold a protracted meeting, and will also attend Presbytery before his return.—Elizabethtown News.

—The Rev. James McMahon, pastor of St. Andrew's Roman Catholic church, New York, has given real estate in that city and Long Branch valued at \$500,000 to the Catholic University at Washington.

—Mrs. W. G. Welch has received a letter from Rev. George D. Barnes suggesting a plan for systematic contributions by his friends for him and Rev. Geo. W. Dunlap, both of whom are in need of funds to push forward the gospel of that Love they preach, and it will appear in our Friday's issue.

—The meeting conducted by Rev. Ben Helm and Bro. Joe Hopper, at Rowland, has been wonderfully blessed. Thus far some 20 persons have professed faith in Christ and quite a number of others have expressed an interest upon the subject of religion. All christian people should pray that the work will go on and increase in power and influence until the whole community is brought on the side of Christ.

—Recently Treasurer George H. Bruce and the other managers of the Christian church financial affairs resolved to get it out of debt and they have succeeded admirably. They sent out a circular letter stating the condition of the church and appealing to the membership to come forward with the money or sign an obligation for the amount they would pay. Sunday \$100 in money was raised and more than sufficient amount pledged by those who mean it to cover all old debts and the entire expenses of the present year, including the pastor's salary.

FARM AND TRADE ITEMS.

—W. M. Bright sold to Bahr & Kahn a lot of 140 pound shoats at 3 1/2 cts.

—T. H. Smith sold to a Rockcastle county party a lot of 2 year old heifers at \$13.50.

—A. M. Pence has entered his 13th W. by Pence, in the Jessamine county fur stakes.

—P. C. Kellogg, of New York, has received \$12,000 as his commission for selling Gov. Stanford's stock.

—Abel Coleman, of Mercer, has sold \$12,000 worth of rolls of his own breeding and handling within a year.

—A. C. Robinson sold to Tom Woods 40 fat hogs for 4 1/2 and a saddle horse to E. W. Lee for \$175.—Lancaster Record.

—Joe Hatton sold Tuesday to W. M. Swope, of Lexington, a 2 year old jack by Imported Abram, dam by Giant, for \$700.

—J. M. Maxwell, of Livingston, Tenn., sold in Mercer 53 good mountain cattle at 2 1/2 to 3 cents and to Garrard parties 25 at same prices.

—The Mercer Coal and Grain Co. purchased of McFartridge Bros. 10,000 bushels of wheat at 95 cts. just before the fire.—Harrodsburg Democrat.

—James Anderson sold to Johnson, of Boyle, 21 head of mountain cattle at \$11 per head. Mr. A. also sold to Tomkins, of Garrard county, a pair of ware mules for \$200.

—The farmers say that the ground is so dry and hard after the heavy rains of a few weeks ago that it is impossible in many cases to plant corn. Rain is needed badly, but the signal service has ceased to predict it.

—Mr. S. H. Baughman's Frank, Ly Rossington, and Latonia, by Imp. London, each showed a half in 50 seconds in Louisville Friday. This is something unprecedented for 2 year-olds with the little handling that they have had.

—Bahr & Kahn bought of A. W. Carpenter a lot of butcher cattle at 2 1/2 to 3 1/2 cents and of Jesse and Monte Fox 8 at 3 cents. They bought several lots of extra fine butcher hogs at 3 1/2 to 4 cents and of E. P. Woods a lot of wethers at 5.40.

—The prospect for a large fruit season is very promising, but few hands having been killed. Squire Murphy says he never saw the blooms so large. The wheat is also very fine, with the acreage fully 100 and the condition 110 or more.

—Twenty cars of distillery cattle were shipped from here Monday to Jersey City, N. J., by Charles Byrne. The train load of cattle had a valuation of \$25,000. The same party has 300 cars in and about Tyrone, which will soon be ready for shipment.—Harrodsburg Sayings.

—Dr. P. W. Logan says that his thoroughbred Breechloader, is such a fine horse and excellent breeder that it is not necessary to show him, but if there are those who want to see the finest piece of horseflesh in the country, they are cordially invited to come to his home and examine him.

—Barnum & Galloway bought 500 bushels of wheat of W. J. Gillispie at \$1 per bushel. C. C. Christman, of Kirksville, sold his farm of 200 acres to Dr. Phillips, of Monticello, for \$17,000. Barnum & Galloway bought of J. B. Parks 100 barrels of corn at \$3 per barrel, and 200 bushels of wheat of Ben Price at \$1 per bushel.—Paint Lick Cor. Record.

To The Voters of Lincoln County.

CHAM CHAMBER, April 20.—Believing from the numerous assurances received from friends in various parts of the county that there is a prevailing sentiment in favor of an East End man representing Lincoln county in the next General Assembly of Kentucky, I take this method of formally announcing to you my candidacy for that office. In deciding to make the race I have not acted from any ambitious impulse, nor have I been influenced by any personal motives, but simply from a desire to serve the people of my native county in what I hope to be a useful capacity. I am no orator, nor do I make any pretensions to statesmanship. The long sessions of past legislatures are pretty good evidences that there has been a little too much oratory in that body. What I believe the people want at this time is more business and less speech-making, more economy and less prodigality. Therefore, if I am elected your representative, it shall be my first and most solicitous care to discharge in a manner as faithfully, efficiently and conscientiously as lies within the scope of my power the duties of a representative. I shall give my best attention to your interests and endeavor to reflect in my acts, upon every question of public importance, the unbiased sentiments of my constituents. I shall hold myself entirely independent of all corporations and receive no privileges from them to prejudice me in favor of the few at the expense and detriment of the many. Cherishing these views and promising to adhere to them if chosen, I cheerfully submit my claims to the will of the democracy as expressed at the approaching democratic convention.

CRAB ORCHARD.

—Twenty pounds sugar for \$1 at W. E. Perkins.

—Born to the wife of D. C. Payne, another fine girl baby, Wednesday.

—We were glad to see the I. J. business manager at our entertainment and trust he was entertained. [He was, very highly.—Ed.] Mrs. Jennie Williams, of Mt. Vernon, was down Sunday to see her niece, W. T. Saunders, who is still very sick. Messrs. Benzley and trainees were so taken with "Rachel" that they spent Sunday with her folks. Miss Mand Bowman leaves tomorrow for Louisville to visit Miss Nellie Smith. Miss Mand Pettus went home with Miss Mattie Henry, of Lancaster, who came over to take in "The Rent Day."

—The Crab Orchard Dramatic Society acquitted themselves with credit Saturday night. A large crowd witnessed the play and they seemed to enjoy themselves very much. We note the characters: Miss Louisa Stuart and J. R. Bailey as Rachel and Martin Heywood, the leading characters, acted their parts of broken hearted tenants with a great deal of feeling; Miss Mand Pettus, as Polly Briggs, in her winning way did justice to her character; Miss Hannah McFall as Dame Beanstalk, the old lady, was perfect; J. C. King, Silver Jack, thought 2 moons rose over the city instead of one. I. B. Gikerson, Hyssop, acted the part of a drunken man so perfectly that he fell against a tree and uprooted it; J. R. Cook, Bullfrog, who was so sure he would get a kiss and in getting his mouth in shape lost his goat, and being surprised by Toby Heywood, who acted well his part, and by main strength deprived him of his sweet kiss; J. A. Stephenson, Crumbs, makes a very dignified old man; Holdan Stuart, who acted two parts, Grantley and Beanstalk, the former a handsome young man, the latter a very old man, acted both parts exceedingly well; Hurdley McClure, Pattee King, and John Carson acquitted themselves with honor. The farce, "Johnny, You've been a Bad Boy," was splendid and kept the house in an uproar, but it was too bad that Johnny got his pants burned.

WATERPROOF FOR SHOES.—Beef tallow 1 ounce; beeswax 1 ounce; melt together and add, when cold, an equal quantity of neat's foot oil. Apply with a woolen rag, rubbing in well with the hand.

When once infidelity can persuade men that they will die like beasts, they will soon be brought to live like beasts also.

No man ever gets to the top anywhere without first going through fires hot enough to show that he has good metal in him.

The young man who fools away his time is about as long sighted as the farmer who makes a hen roost out of his \$200 self-binder.

To the young man who doesn't know how to dance, dancing never seems so immoral as it does when he sees the girl he likes best of all waltzing around with another young man.

Spare-ribs will be plenty in Utah this fall, since the Mormons intend to get along with but one wife.

—Little Rock suffered a half million fire.

LONDON LAUREL COUNTY.

—The street lamps are now up and give light nightly, moon or no moon.

—R. H. Craig, of Lynn Camp neighborhood, had a very valuable horse stolen from him Friday night.

—Mrs. Rebecca Pitman, who has been here for several weeks, has gone to Manchester to visit her son, W. C. Pitman.

—Mrs. Jack McGee is very sick and is not expected to live. Two of E. H. Hickey's children are very sick with measles.

—The democratic candidate for this congressional district will be from Bell county and the name will be announced in a few days.

—Chris Jackson exhibited a very large blue heron on the streets Sunday that he had killed on the Little Laurel. It will be studied by Dr. Melcon.

—Prof. John O. Hodges has been here to see about his candidacy for superintendent of public instruction and will have considerable following.

—Burk's Great Shows are advertised to exhibit here next Saturday. A circus always draws a crowd here and the probability is there will be many present.

—Senator Harris met so little encouragement for Sun-in-law Clay here that he doubtless felt like using the same expressions about Laurel that he did about Rockcastle.

—T. J. Perdee has built a house and established his marble works near the depot and has now several orders on hand. He deserves and no doubt will get all the work he can do.

—Mr. Andrew Johnson is having the porch and other portions of the old brick on the hill torn down and will have some parts of it rebuilt. It has been reported that he will move to London.

MATRIMONIAL MATTERS.

—Dr. W. B. Arndt, of Owensboro, Ky., will be united in marriage to Miss Mai Underwood, of Union City, Tenn., at 10 o'clock A. M., April 22. The marriage will take place at the Baptist church in Union City. Miss Underwood has visited the family of Mr. C. F. Kishler in this city several times and is a most sweet, pretty and estimable lady. Dr. Arndt is one of Owensboro's most prominent and respected citizens. The bride party will return to Owensboro via Henderson and will be the first couple to occupy the handsome bridal chamber at the Hotel Henderson.—Henderson Observer. Dr. Arndt married Miss Jennie Buchanan, of Crab Orchard, and is well and favorably known here.

DEATHS' DOINGS.

—Miss Annie Cecil, well-known in this section, died in Scott county.

—We learn with deep and unfeigned regret that Dr. J. R. S. Frisbie died at his home in Kirksville yesterday morning. He had been sick for a long time, but his friends were hopeful to the last. The burial takes place to-day at Richmond. We shall have more to say of this life and labors in our next.

—Dr. J. K. VanArsdale telegraphed from Warrensburg, Mo., to his wife that his mother died Saturday of pneumonia. Mrs. Susan VanArsdale was born and raised in the Rush Branch neighborhood, near this place, and after her marriage moved to the Hinstonville section. Her husband died some 30 years ago and about 15 years after she went to live with her daughter, Mrs. Ann, Smith, in Missouri. Her last visit to her old home here was about four years ago. Mrs. V. was an excellent christian woman and had been a member of the Baptist church since childhood. Everybody that knew her in this section loved her for her many sterling traits of character and will sorrow to hear of her death, even tho' she had lived to four-score. She was the mother of nine children, but all preceded her to the grave save Dr. VanArsdale, of this place, Lawrence VanArsdale, of Colorado, and Mrs. Smith.

Fire destroyed the residence, smoke house and other buildings belonging to ex-Coroner W. J. Daugherty, near Turnersville, Friday night. Nothing was saved but two beds and Mr. D. is left in a very bad fix. The fire started from the kitchen, but he is confident it was set. His loss is \$500.

No. 188—Barford Ellis a colored L. & N. employe at Rowland, has probably the largest foot for his size in the country. He is about 6 feet tall, weighs 170 and wears No. 18 shoes. The Chancery meeting at the College Friday afternoon, in which the young ladies of the Literary Class took part, was much enjoyed by those fortunate enough to be present. Essays on the great writer were read and many of his famous quotations, with which the young ladies were very familiar, were used. The occasion was made doubly pleasant by instrumental music by the experts of that institution.

The town of Harrodsburg is particularly unfortunate in the line of disastrous fires. Just a year ago she suffered a \$125,000 conflagration and on Thursday night another severe one, causing a loss of \$51,000, occurred. Fire was discovered in the Mercer Grain and Coal Co.'s large elevator, but had gotten under too great a headway to be controlled by the poor fire fighting facilities that that place affords. There were some 30,000 bushels of wheat in the large elevator and a smaller one, which also burned, and the loss is estimated at a little more than \$50,000. The wheat was entirely covered by insurance and the company held \$13,000 on the buildings. The Louisville Southern depot was injured to the extent of \$1,000. Spontaneous combustion is generally supposed to have been the cause.

Flower crocks of every description at A. A. Warren's Model Grocery.

See A. T. Nunnally's binders before you buy as he is representing The Wm. Deering Co., the best made.

WILLIS WHITLEY, a respected colored man, died Saturday morning of consumption. He was a prominent member of the United Brothers of Friendship and was buried by that order Sunday.

A mass convention of the democracy of Lincoln county is called to meet at the courthouse in Stanford on Saturday, May 2, at 2 p. m. to appoint delegates to the next State convention. J. B. Paxton, chairman.

THE N. N. & M. V., Old Kentucky Route, will run an excursion to Old Point and return at \$13, July 21, for the benefit of the Main Street Christian Church Missionary Society, Lexington. Full particulars later.

MEMBERS of the old INTERIOR JOURNAL base ball club as well as lovers of the game are requested to meet at the room of the secretary, cor. Main and Lancaster streets, at 7:30 Wednesday evening, 22d, to organize for the present season.

The Stanford & Logans Creek "cut-off" turnpike, some 2 miles in length, has been let to Mr. J. H. Ryan, an experienced contractor, at something less than the engineer's present estimate. The work commences this week and is to be completed in 31 months. Mr. Ryan asks that all his old hands come and get a new job with him.

AGENTS of the Queen & Crescent route will sell tickets to Chicago and return, on account of the National Association of Trotting Horse Breeders' Convention, April 22 and 23, at one and one-third fare for the round trip, on the certificate plan, selling tickets at regular fare going, and giving certificate that will enable the owners to return at one-third fare.

The handsome gold watch and chain belonging to Mrs. R. A. Alford was stolen Friday. Mr. A. had left it up stairs and it is supposed that while he was in the front portion of the house the thief entered by the steps in the rear and walked off with it. Sneak thieves are getting entirely too plentiful in this section and it is very necessary that an effort be made to exterminate a few of them.

Fire.—About 6 o'clock Saturday evening the fire alarm was sounded and the bucket brigade was seen running down Main Street at a break-neck speed. Col. T. W. Miller's roof had caught fire from a flying spark and had it not been seen in time one of the finest dwellings on lower Main Street would likely be in ashes now. Messrs. W. G. Raney and Richard Walter who were working near by succeeded in extinguishing the flames before much damage was done and by the time the h. b. arrived they were leaving the roof.

This office has frequently been taken for a photograph gallery and once or twice for a wooden mill, but not until Saturday last had it been accused of being a banking institution. A damsel of a dinky line came up and handed one of our handsome printers, whom she supposed was the cashier, a check and asked for the money on it. The usual large supply of money on hand in a printing office makes it unnecessary to say that the check was cashed, but for fear that we may be further troubled, we will state that while we are very near a banking institution (just over one) our time is too precious to devote to business in that line.

The much talked of malpractice suit of Henry A. Pleasants against Dr. Steele Bailey for the alleged bad setting of a broken leg, was decided Saturday, the jury bringing in a verdict for the defendant. All of Thursday and Friday and till 12 Saturday were taken up with the testimony and it was 7 o'clock that evening when the speaking was concluded. Messrs. Santley, Miller and Owsley for the defense and Messrs. Breckinridge, Harding and Bolditt for the plaintiff, all made good speeches and were highly complimented on their labors. The jury was in its room just 34 minutes, and the attorneys for the defense claim that it would not have taken even that long to decide had not the rest of the jury had to wait on a couple of jurors who were tardy in getting to the room. It is generally conceded that the plaintiff made not even so strong a case as at the October term when the jury stood 10 to 2 in favor of Dr. Bailey. The doctor's friends are rejoiced at the outcome, though they never doubted that it would be otherwise. Mr. Pleasants will take the case to the Court of Appeals.

—Pascal Porter, the 2 year-old son of Mr. and Mrs. Zan Dudderar, died Saturday of spotted fever. The remains were interred in Buffalo Cemetery Sunday afternoon.

The trustee of the jury fund, Mr. B. G. Alford, tells us that the pay of jurors at the four weeks' term of the circuit court just closed was but \$900, \$300 to \$400 less than usual, though the lawyers say that the docket came nearer being cleared than ever before. Judge Morrow doesn't permit much money to be wasted by holding juries unnecessarily.

—Rev. E. W. Withers will preach at the Court-House at 3:30 on the afternoon of the 1st Sunday in May.

—Cripman the death rate in Cleveland, O., last week to 169, the largest in its history.

—H. N. Engle, of Ballitt, killed himself, after firing twice at his doctor and missing him.

—There are 60 cities in the United States that doubled their population in the past ten years.

—Prof. S. P. Browder, a well-known educator and founder of Frankfort's free school system, is dead.

—The body of W. T. Coulter was literally cut to pieces by the wreck of a car on the Middleboro belt road.

—Near Ft. Ancient, O., a prehistoric walled vault has been uncovered. It contained the remains of 24 persons.

—The N. O. Cotton Exchange reports the number of bales marketed to date at \$1,029,000, or a million in excess of last year.

—Seven negroes were shot to death at the capital of the Creek nation, in Texas, yesterday, for murdering two Indians.

—Major Ben E. Talbott, a prominent Philadelphia society man, committed suicide by shooting himself while crazed from la grippe.

—The Court of Appeals has given Wm. Smith, of Powell, sentenced to death, a new trial for murdering his rival in a love affair.

—The bounty on maple sugar made the New Englanders stir themselves this year and 17,000,000 pounds were made, valued at \$1,200,000.
